TO WHOM IT MAY CONCERN

Dear Sir

REFERENCE RIAAN VAN ZYL – TRANSMISSION CONSULTING SERVICES

We have worked with Mr Riaan van Zyl for the past 15 years and we acknowledge the professional service that he offers in the transmission line field. Mr van Zyl has his own company "Transmission Consulting Services" based in Windhoek and has started this business based on the accumulated knowledge he has gained in the high voltage transmission line industry.

We have worked with Mr van Zyl on numerous projects in Namibia, the DRC, Zimbabwe, Tanzania and Zambia, in the role of overhead line engineer and consultant. He has always delivered prudent and professional solutions and he has been a contributing part to the success of our company. He has full and complete knowledge of the high voltage industry and he has become a leading consultant in this field.

He has a pleasing mannerism and interacts well with clients in a professional manner and is able to deliver quality services in the role of a consultant. He has garnered knowledge working in countries in Southern Africa and working with international suppliers.

We highly recommend Mr van Zyl as a leading consultant in the high voltage transmission line industry as he adds an enormous amount of value to the end client.

Please feel free to contact for any further insights you may require.

Yours faithfully

I. Milanesi

Director

Power Line Africa (Pty) Ltd
