Subcontractor Referral Letter

To whom it may concern,

Subject: Reference for Riaan van Zyl – Design Engineer for 66kV Overhead Power Line at the Khan 20MW PV Power Station

We are writing this letter to formally recognize the contributions of Mr. Riaan van Zyl from Transmission Consulting Services (TCS) as the design engineer for the 66kV Overhead Power Line that connects the Khan 20MW PV Power Station to the NamPower Utility Grid, for Hopsol Africa (Pty) Ltd.

Mr. van Zyl has played an integral role in the successful design and execution of this critical infrastructure. His expertise and professionalism ensured that the transmission line was designed to meet the highest standards of safety, efficiency, and compliance.

The 66kV overhead transmission line was completed on schedule in November 2024, with the final inspection conducted by NamPower, who approved all design aspects of the line. This successful outcome is a testament to Mr. van Zyl's diligent work and dedication to the project's success.

On behalf of HOPSOL Africa, we wish to acknowledge Mr. van Zyl's exemplary work in this project, and we have full confidence in his abilities as a design engineer.

Should you require any further information, please feel free to contact us.

Sincerely,

Martin Jagau
CHIEF TECHNOLOGY OFFICER
